Maureen Cleary, School Nurse
Godsman Elementary
Denver Public Schools

Dear Ms. Cleary,

CONGRATULATIONS to you and Godsman Elementary School for achieving the Bronze Recognition Level for Colorado Asthma Friendly Schools!

On behalf of the Colorado Comprehensive School-Centered Asthma Program, AsthmaCOMP, and our partners at Colorado Department of Education, and Colorado Department of Public Health and Environment, we are excited to celebrate your award-winning strategies at the Denver Public School Nurse meeting on May 8, 2025.

A school recognition as a "Colorado Asthma Friendly School" demonstrates the use of a comprehensive approach to school asthma management. Students receiving asthma-related care based on best practices, are more likely to experience improved classroom participation and attendance.

We are proud of your accomplishments and know that you exemplify the role of a **school nurse asthma champion!**

Sincerely,

Stanley J Szeffler, MD
AsthmaCOMP Program Director

Melanie Gleason, MS, PA-C
AsthmaCOMP Program Associate Director

Cc

Marie Quinn, Director, Nursing and Student Health Services, Denver Public Schools
Joanna Gutierrez, Principal Godsman Elementary School
Dr. Alex Marrero, Superintendent Denver Public Schools
Dr. Anthony Smith, Deputy Superintendent Denver Public Schools
